

Gigantjes - Yaki Taki Oowah!

Yaki taki oowah, yaki taki oowah
Yaki taki, yaki taki, yaki taki, ooh
Right around the corner, that's where my baby stays
(That's where my baby stays, that's where my baby stays)
Right around the corner, that's where my baby stays
(That's where my baby stays, that's where my baby stays)
I can get up to my honey's house
Fifteen different ways
Yaki taki oowah, yaki taki oowah
Yaki taki, yaki taki, yaki taki, ooh

Well, I can go around the side
I can go through the back
I broke a picket off the fence
So I can squeeze through the crack
Right around the corner, that's where my baby stays
(That's where my baby stays, that's where my baby stays)
Right around the corner, that's where my baby stays
(That's where my baby stays, that's where my baby stays)
I can get up to my honey's house
Fifteen different ways
Yaki taki oowah, yaki taki oowah
Yaki taki, yaki taki, yaki taki, ooh

Right around the corner, that's where my baby stays
(That's where my baby stays, that's where my baby stays)
Right around the corner, that's where my baby stays
(That's where my baby stays, that's where my baby stays)
I can get up to my honey's house
Fifteen different ways
Yaki taki oowah, yaki taki oowah
Yaki taki, yaki taki, yaki taki, ooh

I consider myself lucky, just as lucky as can be
And I wanna thank my baby
'Cause he moved so close to me
Right around the corner, that's where my baby stays
(That's where my baby stays, that's where my baby stays)
Right around the corner, that's where my baby stays
(That's where my baby stays, that's where my baby stays)
And I can get up to my honey's house
Fifteen different ways
Yaki taki oowah, yaki taki oowah
Yaki taki, yaki taki, yaki taki, ooh
