

## **Hannah Mae - Back To You**

It all starts with a spark  
A little light in the dark  
I wanna find my way back to you  
I don't know where you are  
But I know in my heart that  
I will find my way back to you  
I see you in my dreams  
Hold you close to me  
Take the trail on the map  
Wander after being in track  
I will find my way back to you  
Though the world is wide  
And the wrong day right  
I know where I belong  
'Cause my head is strong  
And my hearts leads me on  
I'm gonna find my way back to you  
I hear the birds sing with me  
Those you love set them free, they will  
Find their way back to you  
Like the sun keeps rising up  
All that I have learned from love is, it will  
Find it's way back to you  
I'll see you in my dreams  
We're closer than it seems  
Safe for now, safe for live  
Say it with a kiss, goodnight,  
I will find my way back to you

Though the world is wide  
And the wrong day right  
I know where I belong  
'Cause my head is strong  
And my hearts leads me on  
I'm gonna find my way back to you  
I'm gonna find my way back to you  
Sometimes I will make mistakes  
Sometimes I'll be blue  
Sometimes I'll be lead astray  
But I am bound for you  
I don't know where you are  
But I know in my heart that  
I will find my way back to you  
I'm gonna find my way back to you
